We have a team of highly skilled professionals who are committed to excellence to deliver innovative and reliable designs of security layout as well as offer installation, service and maintenance services to businesses and organizations. We are committed to ensuring the safety, security, and effective communication for our clients, by providing cutting edge security systems including: CCTV, Intruder Alarms, Electric Fencing, Fire Alarms, Fire Fighting Equipment, Access Control and Time Attendance solutions as well as Intercom

VISION

To create a secure business environment for our clients.

MISSION

To provide cutting-edge security and communication systems that protect our clients, their assets, enhance their operations, and create a safe and secure environment for their stakeholders

VALUES

Professionalism and workmanship:

We leverage on experience, knowledge and customer service to deliver to our best practice of code of conduct and work ethics, making sure that the work done is appealing, and client oriented.

Safety and protection:

We prioritize the safety and security of our clients by offering advanced security solutions that protect against physical and digital threats, ensuring peace of mind.

Reliability and trust:

We commit to delivering reliable and trustworthy services, building long lasting partnerships based on integrity, transparency, and open communication.

Customer-centric approach:

We value our clients and their unique needs. By actively listening and understanding their requirements, we tailor our services and solutions to exceed their expectations, ensuring their satisfaction.

Collaboration and teamwork:

We believe in the power of togetherness, by fostering a positive and inclusive work environment, we encourage creativity, cooperation, and collective problem solving, leading to exceptional outcomes.

Adaptability and flexibility:

In an ever-changing world, we remain adaptable and flexible, responding to emerging security and communication challenges with agility and efficiency, ensuring we provide customized solutions to our clients.

CORE SERVICES

◆ VIDEO SURVEILLANCE SYSTEMS (CCTV)

We design, install and maintain closed-circuit television systems for surveillance and monitoring purposes. We offer a wide range of options, including analog, IP, and wireless solutions, tailored to meet our clients' specific needs.

◆ BIOMETRIC ACCESS CONTROL AND TIME ATTENDANCE

We provide solutions such as keycard access, biometric systems, walk through detection for access management

◆ INTRUSION DETECTION ALARM AND MONITORING SYSTEMS

Installation and servicing of state-of-the-art intrusion detection systems to protect residential and commercial properties. Our solutions include motion sensors, door/window contacts, and alarm monitoring services for immediate response and peace of mind

◆ FIRE SAFETY TRAINING AND DRILLS

We understand the essential for promoting safety and preparedness in handling of fire emergency safely and efficiently

◆ FIRE DETECTION AND SUPPRESSION SYSTEMS

We design, install and service fire detection and alarm systems to ensure early detection and rapid response in the event of a fire. We offer a range of fire alarm solutions, including smoke detectors, heat detectors, and sprinkler systems, and firefighting equipment, including CO₂, foam, and dry powder extinguishers.

◆ ELECTRIC PERIMETER FENCING SOLUTIONS

We install and maintain electric fencing systems for perimeter protection and deterrence. Our electric fencing solutions are designed to provide a formidable barrier against intruders while ensuring the safety of occupants.

◆ AUTOMATIC GATE OPENING AND VIDEO INTERCOMS

Our cutting edge and state of art gate system ensures enhancement of both security and convenience with smooth and reliable operation. We also install intercom systems for seamless communication within residential and commercial premises.

COMPETITIVE ADVANTAGE

EXPERTISE:
